Three's a Crowd: Recess Benefit

“ **Recess**, the artists' workspace located in a Soho storefront hosts an evening of cocktails, dancing, and visual and performance art to benefit their experimental studio and exhibition space. A silent auction with work from artists including Terence Koh and Clifford Owens plus the opportunity to commission original work by Recess artists makes the evening much more than an awesome party with DJ sets from Jesse Cohen (of Tanlines) and DJ TG (of ARMS). Several performances are being kept secret, but we do know that artist Leila Hekmat will be on hand to offer emergency love therapy and FCKNLZ will provide liquid dreams. Check out some of the work that will be auctioned, and get your bids in early at [Paddle8!](#) ”
